

A photograph of a forest path. The path is covered in fallen brown leaves and leads into a dense grove of trees. Sunlight filters through the green leaves, creating a dappled light effect on the path and the surrounding foliage. The trees are tall and thin, with thick canopies.

Guest speaker

Patti Dobrowolski has been a spiritual seeker from the age of 12 when, after her grandmother's passing, she appeared to her to provide comfort. This moment sparked Patti's search for spiritual truth and a path that could explain this powerful event.

In 1984 she discovered the teachings of Eckankar, the Path of Spiritual Freedom, and the answers she sought. Eckankar has given her tools to help navigate her multiple careers as Broadway actor, author, speaker, and currently, as a visual thinker showing others how to use a simple drawing to help create change.

Past and present leader of Eckankar outreach programs in multiple US states, she currently resides in Colorado where she oversees outreach events for young adults to connect to their spiritual truth and take their next step on the path home to God.

What is the Most Direct Path Home to God?

"When you look for God-Realization, it must be something that lives within your heart in a gentle way. You know that no matter what happens on the spiritual path, it is always to lead you closer to the heart of God."

Harold Klemp, Sound of Soul, Pg 54.

Seminar contemplation seed:

"As Soul goes farther on the path to God, It develops the gift of randomness, which means being able to move here, there, or anywhere. To other people, it looks like a random walk. But to the individual under the guidance of Divine Spirit, it's walking the path of Light and Sound, the Light and Sound of God."

Harold Klemp, The Secret of Love, p15.
